That 1st night she talked to her husband, he was more shocked than her. They read together guidance no. V + VI, that evening. Then they went to sleep. But he couldn't. He started to pray and ask God to forgive his sins. Then a miracle happened. God gave him the same vision I saw! They couldn't wait until next morning to tell me of this. — Then in buying now the Book of Enoch which I always wanted, before I start to read it I opened p. 102. Just like that, and what do I read? In Paris during Easter:
When the Archimandrite said to me on looking
at the Message: "It is a miracle." I also
thought how wonderful, how beautiful that
God gives us a Message, but on the other hand
how terrible, terrible because it shows a sad
God, a suffering God; God gives a Message in
agony, unhappy and abandoned by many.
It is a sad Message.

Am I learning at all Jesus? not that I ask to satisfy
myself but to know at least where I stand, I mean
if I progress at all!
